

Churches

We live in a time of increasing demand on our time, finance and resources. More than ever we are all looking to live smarter, leaner and use our resources to the greatest effect. As a Trust we have always believed in investing our resource in the holistic recovery of our Service Users, maximising their time with us in order to provide the greatest possible outcome for each on an individual basis. We believe that an integral part of our calling as Christians is to provide support, care and most importantly empowerment to those that exist on the margins of our society so that they can go on to live full lives in their communities. We would like to provide you and your home church with the opportunity to get involved with the work of Langley House Trust and be a part of bringing the redemptive love of Christ to the lives of those that have offended or are at risk of becoming offenders.

More than ever, this issue is high on the political agenda as we see the system fail to deal with multiple and repeat offending on a scale never before experienced. Not only do those coming through our centres experience a safe place to stay upon leaving prison but they also receive bespoke care and rehabilitation, all contributing to our spectacular reoffending rate!

Ways to get involved

There are many ways in which your church can get involved with the work of the Trust.

- Inspire your church to help reduce reoffending – book a speaker to come and talk to you about our work.
- Support us financially ([link to 'support us' page](#))
- Receive our Prayer Diary so that you can get involved with the prayer life of the Trust ([link to Prayer Diary](#))
- Volunteer – [link to volunteer section](#)
- Raise awareness and fundraise through a local event [link to events page](#)
- Order posters, leaflets and giving cards. –[Jenni Spicer Details](#)

Come and meet us

We try to attend large events around the country every year. Please come and find us and find out more about what we do and how to get involved.

Events this year:

New Wine – July / August 2011
